## **Reaching Across Illinois Library System (RAILS)**

It is recognized that Library users may not always be able to fulfill their informational, educational, and recreational needs by use of materials housed in this Library alone. This Library is a member of the cooperative Reaching Across Illinois Library System (RAILS) which provides delivery service to support Illinois' vast interlibrary loan program, technology support for more than 800 libraries' shared online catalogs, and Talking Book Services that serve people with visual or physical disabilities who cannot read conventional print material. The RAILS service area covers northern and western Illinois and serves more than 1,500 public, private, university, and school library members, representing more than 3,700 library facilities in a 27,000 square-mile area. Our membership in RAILS makes the resources of libraries across the State of Illinois available to the Pekin community.

## BLOODBORNE PATHOGENS POLICY

- A. While normal library operations are not likely to involve circumstances exposing employees or users to bloodborne pathogens, the Pekin Public Library complies with Illinois Department of Labor regulations and therefore the federal Occupational Safety and Health Administration regulations relating to occupational exposures to bloodborne pathogens which have been incorporated by administrative actions.
  
- B. *Exposure Determination:* No particular job classification of the Library has occupational exposure (meaning “reasonably anticipated...contact with blood or other potentially infectious materials that may result from the performance of an employee’s duties”), however, emergencies may occur with staff or patrons, particularly youth or elderly patrons, to which library employees in all classifications may be called upon to respond with assistance. Or emergencies with “out of control” individuals (e.g. biting, spitting, etc.) could present an individual threat.
  
- C. *Universal Precautions:* All potential circumstances of exposure must be taken into account by the Library and its employees to protect against exposures. Hepatitis B (HBV), human immunodeficiency virus (HIV), and other bloodborne pathogens found in human blood and other body fluids cause life-threatening diseases. In emergency or other such circumstances, when contact with blood or other potentially infectious materials may result, the Library’s approach to infection control requires all human blood and body fluids to be treated as if known to be infectious for HIV, HBV, and other bloodborne pathogens. Engineering and work practice controls shall be used to eliminate or minimize employee exposures, and if a possibility of exposure remains, personal protective equipment shall also be used.

D. *Exposure Control Plan:* At any time within the Library environment that human blood, human body fluids, or other potentially infectious materials are presented, the area contaminated shall be immediately cordoned off and quarantined, even if the entire library must be closed to accomplish this completely. Personal protection clothing, such as gloves, gowns, masks, etc., shall be provided and used in the cleanup and safe disposal of contaminated waste such as diapers, blood-tinged materials (e.g. Band-Aids, gauze, cotton, clothing, etc.), etc. If advisable, a professional hazardous/contaminated cleanup firm shall be contacted and retained for complete cleanup and decontamination. The quarantine shall be effective until complete cleanup and disposal is obtained. Hand-washing facilities are provided by the Library and must be used by the employees as soon as feasible, including following the removal of personal protective equipment. A complete record of all incidents, exposures, cleanup, and disposals shall be kept as required by the regulations.

E. *Training and Immunizations:* The Library shall provide directly or through System, State, or associational programs, annual in-service training/educational programs for all affected employees. Any employee who has an occupational exposure shall be offered, at no charge, the hepatitis B vaccine series, in accordance with the regulations. Following the report of an exposure incident, the Library will make immediately available to the exposed employee or employees a confidential medical evaluation and follow-up as provided in the regulations.

## CONFIDENTIALITY OF LIBRARY RECORDS

1. The circulation records and other records identifying the names of library users of the Pekin Public Library are confidential in nature.
2. These records shall not be made available to any agency of local, state, or federal government except pursuant to such process, order, or subpoena as may be authorized under the authority of, and pursuant to, local, state, or federal law relating to civil, criminal, or administrative discovery procedures or legislative investigative power.
3. Resist the issuance or enforcement of any such process, order, or subpoena until such time as a proper showing of good cause has been made in a court of competent jurisdiction.\*\*

\*\* Note: Point 3, above, means that upon receipt of such process, order, or subpoena, the library's officers will consult with their legal counsel to determine if such process, order, or subpoena is in proper form and if there is a showing of good cause for its issuance; if the process, order, or subpoena is not in proper form or if good cause has not been shown, they will insist that such defects be cured.

## **COPY MACHINE POLICY STATEMENT**

Users of Pekin Public Library are expected to operate the coin-operated copy machine. Thus, responsibility for compliance with copyright restrictions rest with the library user. Signs bearing the following messages have been placed on and near the copy machines to advise users of their responsibility:

The Copyright law of the United States, (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research."

If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law.

**THE COPYRIGHT LAW OF THE UNITED STATES (TITLE 17 U.S. CODE)  
GOVERNS THE MAKING OF PHOTOCOPIES OF COPYRIGHTED MATERIAL.  
THE PERSON USING THIS EQUIPMENT IS LIABLE FOR ANY  
INFRINGEMENT.**

The Library staff will not attempt to supervise use of the copy machine to ensure user compliance with the copyright law. Library staff members will be subject to the same regulations as other library users when copying copyrighted material for their own use.

If requested, staff members of the library will assist users who have difficulty operating the copy machine. However, in no case, will they make more than the one copy of copyrighted material per person requesting it allowed by Section 107 ("Fair USE") of the copyright law.

Pekin Public Library staff will conduct copying for library purposes in conformance with Section 108 of Public Law 94-553. Reference staff will maintain adequate files of photocopy interlibrary loan requests in conformance with copyright guidelines.

## CUSTOMER SERVICE POLICY

In fulfilling its mission, the Pekin Public Library strives at all times to provide excellence in library services, which includes a quality and welcoming facility and a collection that is varied and current. Successful customer service connects customers to what they need, but also leaves them satisfied, happy, and eager to return again to the library.

The Customer Service Policy of the Pekin Public Library is the foundation for all staff interactions with the general public. All other library policies should be interpreted in light of the principles outlined below:

The library offers the same quality of service to all patrons, regardless of age, race, sex, sexual orientation, nationality, educational background, physical limitations, religious affiliation or any other criteria, which may be the source of discrimination.

- Library staff will treat every patron with equal respect and every request with equal importance. Patrons are the reason the library exists.
- Judgment calls are to be made in the patron's favor. If a mistake is made, it should always be to the patron's advantage. Many of the library procedures are the ideal. Sometimes in order to satisfy patrons, staff may have to "bend" the rule. Staff members will not be penalized for errors made in good faith pursuit of this policy.
- The library strives to be the community's information center. Staff will make every reasonable effort to locate information for a patron. Staff may use phrases such as:

"I don't know, but I'll find out for you."

"I don't know, but I can put you in touch with someone who may know."

"We don't have that material here, but can I get it for you from another library?"

- Library policies and procedures exist to make library resources available on an equitable basis. If anyone has a question about why the library has a policy or if the purpose of a policy is not understood, an explanation should be provided or else referred to a supervisor or the director of the library.

### **Demeanor**

The impression made on our patrons profoundly affects the library's image and on-going support. Each staff member, while at work, is a representative of the library, and is therefore expected to conduct oneself in a manner that is consistent with the library's mission and policies.

It is imperative that every staff/patron interaction be a positive one for the patron. A friendly helpful demeanor usually ensures a positive experience, even when the message conveyed is not a pleasant one. Thus, it is essential to remember that the manner in which a person looks, speaks, and acts conveys an attitude, just as the tone of voice and choice of words affect a message.

**Ethics**

The needs and requests of the library patrons must always be taken seriously and treated with respect. Equal consideration and treatment will be given to users within established guidelines and non-judgmental environment.

All interactions and transactions between a library patron or group of patrons and the library will be considered confidential and will be discussed only in a professional context. (Such matters include, but are not limited to: registration information, materials selection, loan transaction records, reference questions, patron card status, etc.). Staff should remember that discussion of confidential patron issues should be limited to non-public areas.

## DISPLAY POLICY

The Pekin Public Library accepts interesting and informative displays for the education, cultural enrichment, entertainment, and awareness of current issues for Pekin residents. Displays must adhere to these guidelines:

- The Library reserves the right to use any or all display spaces for Library purposes.
- Library display and wall spaces are not intended to support or oppose a candidate for political office or for commercial use.
- The Library does not accept responsibility for ensuring all points of view are represented in any single display. Granting permission to display materials does not imply Library endorsement of content, nor will the Library accept responsibility for the accuracy of statements made in such materials.

### **Application Procedure**

- Application may be made at the Information Desk, or submitted through the online application form at [www.pekinpubliclibrary.org](http://www.pekinpubliclibrary.org)
- A representative portfolio of the body of work may be requested for review
- Library staff shall accept or reject material offered for display based on the selection criteria

The Library does not provide any insurance coverage for displayed materials and assumes no responsibility for loss or damage of items left for display.

The Library reserves the right to publicize scheduled displays. If the exhibitor contributes to the public relations effort, the Library reserves the right to review any publicity material prepared by the exhibitor before release.

The length of a Library display is two weeks. Under special circumstances, the Library Director may extend the display period to a maximum of one month.

The Library will not engage in the sale of any items on display. All inquiries will be referred to the exhibitor.

Each application will be reviewed according to the following criteria:

- Originality
- Quality of presentation
- Suitability of physical form
- Historical significance or representation of emerging trend/topics
- Relation to past/future Library displays and programs
- Availability of space

Additionally, because displays are seen by everyone who walks into the Library – both children and adults – the display must meet what is generally known as a “standard acceptable to the community.”

Applicants may appeal any decision of the Library under this Display Policy to the Board of Trustees. An appeal should be filed in writing with the Library Director within 10 days after notice of the decision has been given to the applicant. In the event of an appeal, the Library Services Committee shall hold a hearing and within 30 days make a written recommendation to the Board of Trustees regarding the matter.

### **Installation and Removal**

- It is the responsibility of the exhibitor to set up and remove the display on the designated dates. Wall hangings will only be hung from mounted picture railings. Items will not be “stuck” to the surface of the brick walls.
- The Library has the final say on the content and arrangement of all displays. Every item must meet the Library’s standard of value and quality, and the Library reserves the right to reject any part of a display or to change the manner of display.
- The exhibitor may be held liable for repairs if installation or removal of the display causes damage to the Library or Library equipment.

## INVESTMENT OF PUBLIC FUNDS POLICY

**PURPOSE AND SCOPE.** The purpose of this policy statement is to outline the responsibilities, general objectives, and specific guidelines for management of public funds by the Pekin Public Library. Its scope is all public funds of the Library.

**RESPONSIBILITIES.** All investment policies and procedures of the Pekin Public Library will be in accordance with Illinois Law. The authority of the Library Board of Library Trustees to control and invest public funds is defined in the Illinois Public Funds Investment Act and the investments permitted are described therein. Administration and execution of these policies are the responsibility of the Treasurer who is hereby designated as the “chief investment officer” of the Library acting under the authority of the Library Board of Library Trustees.

**DELEGATION OF AUTHORITY.** Management and administrative responsibility for the investment program is hereby delegated to the Chief Investment Officer. The Chief Investment Officer, and by designation, the Library Director, is responsible for establishing internal controls and written procedures for the operation of the investment program.

**“PRUDENT PERSON” STANDARD.** All Library investment activities shall use a “prudent person” standard of care. This standard shall be applied in the context of managing an overall portfolio and specifies that investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital, as well as the probable income to be derived. Investment officers, acting in accordance with the Policy and the written procedures of the Library, and exercising due diligence, shall be relieved of personal responsibility for a security’s credit risk or market price/value changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

**OBJECTIVES.** In selecting institutions and investment instruments to be used, the following general objectives should be considered in the priority listed:

- Legality (conforming with all legal requirements)
- Safety (preserving capital and including diversification appropriate to the nature and amount of the funds)
- Liquidity (maintaining sufficient liquidity to meet current obligations and those reasonably to be anticipated)
- Yield (attaining a market rate of return on investments)
- Simplicity of management

**GUIDELINES.** The following guidelines should be used to meet the general investment objectives:

A) Legality and Safety:

- 1 Investments will be made only in securities guaranteed by the U.S. government, or in FDIC insured institutions including SAIF of the

FDIC. Deposit accounts in banks or savings and loan institutions will not exceed the amount insured by FDIC coverage (unless adequately collateralized pursuant to Regulations of the Federal Reserve regarding custody and safekeeping of collateral).

- 2 Authorized investments include and will primarily consist of: Certificates of Deposit, Treasury Bills and other securities guaranteed by the U.S. Government, participation in the State of Illinois Public Treasurer's Investment Pool, and any other investments allowed under State law that satisfy the investment objectives of the library.

B) Liquidity:

In general, investments should be managed to meet liquidity needs for the current month plus one month (based on forecasted needs) and any reasonably anticipated special needs.

C) Yield – Return on investment:

Within the constraints on Illinois law, considerations of safety, and this investment policy, every effort should be made to maximize return on investments made. All available funds will be placed in investments or kept in interest bearing deposit accounts.

D) Simplicity of management:

The time required by library administrative staff to manage investments shall be kept to a minimum.

REPORTING. Investments, fund balances and the status of such accounts will be reported at each regularly scheduled meeting of the Library Board and at least quarterly include information regarding securities in the portfolio by class or type, book value, income earned, and market value as of the report date. At least annually, the Chief Investment Officer shall review this policy for any needed modifications and report to the Board on the investment portfolio, its effectiveness in meeting the Library's need for safety, liquidity, rate of return, diversification and general performance. These reports will be available to the general public upon request.

INTERNAL CONTROLS. In addition to these guidelines, the Chief Investment Officer shall establish a system of internal controls and written operational procedures designed to prevent loss, theft or misuse of funds.

AUTHORIZED FINANCIAL DEALERS AND INSTITUTIONS. Any investment advisors, money managers and financial institutions shall be considered and authorized only by the action of the Board of Library Trustees upon the recommendation of the Chief Investment Officer. The Chief Investment Officer will maintain a list of financial dealers and institutions authorized to provide investment services.

CONFLICTS OF INTEREST. Officers and employees involved in the investment process shall refrain from personal business activities that might conflict with the proper execution and management of this investment program, or that could impair their ability to make impartial decisions, or that could give the appearance of impropriety.

## **Pekin Public Library Operational Procedures**

### Check Writing:

The Office Manager inputs invoices into the City's financial software system, prints a report, and sends to the Director for approval. The City issues payment checks as part of its regular accounts payable cycle. The checks are returned to the library for mailing. The City bills the Library for the total AP amount.

Disbursements covering regular Payroll and AP bills from the City as well as miscellaneous invoices in need of immediate payment are handled using original invoices and Emergency Manual Check Distribution (MP) forms completed by the Office Manager. The Office manager oversees writing checks from the Library's accounts, maintaining written ledgers and accompanying records in accordance with Illinois disposal laws as governed by the Local Records Commission.

All checks written from the Library's accounts require an original receipt/invoice and the completion of a manual distribution form. Checks require the signature of two officers or an officer and the Director (signatures are on file at the banks). The Board of Trustees and/or the Director approve all purchases and payments. Checks are stored in the Administrative office that is locked during the Office Manager's and Director's absence.

All checking accounts are balanced on a monthly basis following accepted accounting principals. Written reports are presented to the Board of Trustees on a monthly basis.

### Petty Cash:

By Board approval a Petty Cash balance is maintained at \$75.00 with an additional \$50.00 in change. Petty Cash funds are kept in a locked box in a locked cabinet and are maintained by the Office Manager. Purchases from petty cash must be for \$20.00 or less and require a receipt and approval either by the Office Manager, Director, or a department head. Change is distributed to the cash register by the Office Manager, Director, or a department head as needed.

Petty Cash funds are balanced monthly. Petty Cash receipts are maintained for a period of two years in accordance with Illinois laws governing disposal of records. The replenishment of funds is by check from the General Fund following Board approved check writing guidelines.

### Cash Register:

The Cash Register drawer is maintained at \$50.00. The register is balanced as needed following general accounting practices. The receipts are deposited into the General Fund. A written report is provided to the Board of Trustees on a monthly basis.

### Copy Machine, Print Management and Fax Receipts:

Public copy machines, print management and fax machine are coin operated and are fitted with locked coin boxes. Coin box keys and daily receipts are stored in a locked cabinet. The receipts are deposited weekly to the General Fund. A written report of receipts is provided to the Board of Trustees on a monthly basis.

The Library Director may authorize additional credit cards, and increase or decrease the credit limits of any existing credit cards, consistent with this policy and upon notification to the Treasurer of the Board. Each credit card shall be issued to one designated Library employee as custodian, or to the custody of the Library Director if the card is intended for general Library use. The Library Director shall keep a log of all existing Library credit cards, which shall be available for public inspection.

1. Each Library employee who is responsible for a Library credit card shall submit the monthly credit card billing to the Office Manager with documentation for each transaction, including the receipt detailing the goods and services purchased, the cost, the date of purchase, line item budget authorizing the expenditure, and the Library employee's signature.
2. Credit cards issued by the Library shall be used only by an employee of the Library for the purchase of goods and services for the official business of the Library. Purchases exceeding \$250 must receive prior approval from the Library Director.
3. An employee who has custody of a Library credit card is responsible for its proper use in compliance with this policy. 4. Any Library employee using a Library credit card in violation of this policy shall be subject to disciplinary action, including loss of use privileges, suspension or termination as may be appropriate in each case.

## PURCHASING POLICY (BIDS/QUOTATIONS)

[30 ILCS 500/1  
*et seq*]

**[NOTE: All “public works” contracts, including demolitions, regardless of monetary size or any bidding or no bidding requirements, MUST comply with the Prevailing Wage Act as well.]**

1. Purchases of the Library are governed by the State of Illinois statutes. The statutes [30 ILCS 500/1 *et seq*] currently require many contracts in excess of \$25,000 to be let by sealed bidding. It is the policy of the Library Board of Trustees to use, in addition to any statutory requirements, the most responsible business practices in its purchases. It is the policy that all purchases, contracts, and expenditure of funds shall be awarded to the lowest responsible bidder considering conformity with established specifications, terms of delivery, quality, and serviceability requirements. However, contracts which, by their nature, are not adapted to award by competitive bidding, are not subject to competitive bidding, including, but not limited to:
  - a. Contracts for the services of individuals possessing a high degree of professional skill where the ability of fitness of the individual plays an important part;
  - b. Contracts for the printing of finance committee reports and departmental reports;
  - c. Contracts for the printing or engraving of bonds, tax warrants, and other evidences of indebtedness;
  - d. Contracts for the maintenance or servicing of, or provision of repair parts for, equipment which are made with the manufacturer or authorized service agent of that equipment where the provision of parts, maintenance, or servicing can best be performed by the manufacturer or authorized service agent;
  - e. Purchases and contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and interconnect equipment, software, and services;
  - f. Contracts for duplication machines and supplies;
  - g. Contracts for utility services such as water, light, heat, or telephone;
  - h. Contracts for goods or services procured from another governmental agency;
  - i. Purchases of equipment previously owned by some entity other than the library itself;
  - j. Contracts for goods or services which are economically procurable from only one source, such as for the purchase of magazines, books, periodicals, pamphlets,

and reports;

- k. Contracts for emergency expenditures when the emergency expenditure is approved by 3/4 of the members of the Board of Trustees; and
  - l. Purchases as identified by this policy of less than \$25,000.
2. The staff, as required by board directive, shall seek bids (or quotations if bids are not specifically required) from the widest possible array of contractors, suppliers, and material providers that time permits. This practice will produce the most competitive offers and terms available from the widest number of interested firms or individuals.
  3. The Library may utilize a system of solicitation lists of the names, addresses, and phone numbers of the firms or individuals who have expressed an interest in being notified as to particular types of contracts, equipment, supplies, or materials which the Library seeks to purchase. The staff will add to each list of those expressing an interest, any firm or individual doing business which the staff determines should be added to such list. The staff may remove a firm or individual from a list for cause, with Board approval, or the firm or individual may request its removal.
    - a. The firms or individuals on any such lists will be solicited directly by the staff to bid or quote on appropriate purchases, in addition to the requirements of advertising or other public notification mandated. The Library shall, when advisable, publicize its system of lists so that any interested person or firm can ask to be added to the appropriate listing.
    - b. The inclusion of a firm or individual on a solicitation list shall not constitute any prequalification for bidding or release in any fashion the firm or individual from meeting any and all requirements set out in a particular contract, bid, quotation, or proposal. This system of solicitation lists is solely for purposes of supplementing the advertisement or notification requirements otherwise used, in order to avoid even the appearance of favoritism or lack of fair competition in the Library's purchases.
    - c. No commitment for expenditures of Library monies, except from the petty cash fund, shall be made without authorization issued according to the following conditions:

**1) \$25,000 or More**

All expenditures of \$25,000 or more shall be made only with prior Board approval in the manner prescribed by State law and Board rules and regulations. Advertisements for sealed bids or requests for proposals will be properly handled through the public media. Sealed bids, based on authorized specifications, or requests for proposals shall be received at a public bid opening (see Administrative Procedure for details) and include all costs for labor and materials, Bid Bond, Performance Bond, and Certificate of Insurance. Bids will then be tabulated and submitted to the Board along with staff's recommendation for action. Formal contracts with appropriate signatures for both Board and Contractor are required.

**2) Less than \$25,000 - More Than \$5,000**

All expenditures of less than \$25,000, but more than \$5,000, shall be made only with prior Board approval. Staff shall obtain at least three (3) formal

written quotations with the Contractor's signature applied to be submitted to the Board. Administrative staff will also submit a recommendation for Board action.

**3) Less than \$5,000 - More Than \$2,500**

All expenditures of less than \$5,000, but more than \$2,500, for approved budget line items, can be made only at the discretion of the Library Director upon review of at least three (3) documented quotations received either in written form by the Contractor, by telephone, or by e-mail as submitted to the Library Director. Immediately following the preliminary purchasing decision, the Director shall notify the Board of the intended purchase in writing and the Director shall, except in cases of bona fide emergencies, wait seven (7) days before completing the purchase or committing thereto. During that period, any Board member who wishes to review the proposed purchase may call a special Board meeting by notifying the Board President and Director. The Board meeting is to review the proposed purchase with a view to completing it or rejecting it. In the event a special meeting is set, the Director shall not complete the purchase until after the Board meeting is conducted and then only in furtherance of the Board action on the purchase, if any.

**4) Less than \$2,500 – More Than \$1,000**

Expenditures of less than \$2,500, but more than \$1,000, for approved budget line items, can be made at the discretion of the Library Director. The Director shall be responsible for monitoring and adhering to pertinent budget and obtaining proper quotations and shall notify the Board at its next meeting of the purchase.

**5) Less than \$1,000 – More Than \$1**

Expenditures of less than \$1,000, but more than \$1, for approved budget line items, or budget contingency items can be made at the discretion of the Library Director without bids or quotations.

**6) Emergency Expenditures**

Emergency expenditures over \$25,000 can be made only with the written approval of the Library Director and Board President and approved by three-fourths (3/4) majority of the members of the Board. The initial Board inquiry may be by phone, which is then to be ratified at the next Board meeting. Emergency expenditures under \$25,000 can be made only with the written approval of the Library Director and Board President. No Board pre-approval is required but the emergency purchase should be reported at the next meeting of the Board.

## INTERNET USE POLICY

### I. Internet and the Library's Mission

The Pekin Public Library makes the Internet accessible in accordance with our mission of fulfilling the informational, educational, and recreational needs of the community.

### II. "Global" Versus "Local" Resources

Most resources available via the Internet and other electronic information networks are "global" rather than "local." Internet resources enhance and supplement those that are available locally within the Library. Library users must be aware that the Pekin Public Library does not and can not control the information content available through global resources. Library users must also keep in mind when evaluating information obtained via the Internet that such information may not be accurate, current, or available, and that certain information found on the Internet may be considered controversial by some library patrons.

The Pekin Public Library does not endorse information accessible through the Internet, nor can it accept the responsibility for damages, indirect or direct, arising from a library patron's use of Internet information resources.

### III. Filtering

Technology protection measures in the form of filters are installed on all of the library's public computers. These filters are designed to block the access to visual depictions that constitute obscenity or child pornography, or are harmful to minors.

Upon the request of an adult, a member of the library staff will disable the filter on a computer being used by that adult to enable access for a research purpose or other lawful use not in violation of library policy. Filters will not be disabled for patrons under the age of 17.

The library will have no liability for damages related to the operation of, or failure of, the filtering software, or for its circumvention by users.

### III. Library Patron's Rights

Library patrons have the right to confidentiality and privacy in the use of the Internet to the extent possible given certain constraints such as proximity of other patrons and staff in public access settings. They also have the right to equitable access to electronic information services, access to all library service policies, and to discuss questions with the appropriate library staff.

### IV. Acceptable Use of Equipment and the Internet

The Pekin Public Library requires that library patrons using the Internet do so within the guidelines of acceptable use. The following activities are unacceptable:

- use of the Internet for any purpose which results in the harassment of other users

- destruction of, damage to, or unauthorized alteration of the library's computer software, or network security
- use of the Internet in any way which violates a Federal or State law, city ordinance, or licensing and payment agreements between the Pekin Public Library and network/database providers
- unauthorized duplication of copy protected software or violation of software license agreements
- violation of system security
- behaving in a manner that is disruptive to other users, including, but not limited to, the overuse of computer equipment which serves to deny access to other users

#### **V. Children's Access to the Internet**

The Pekin Public Library supports the right of all library users to access information and will not deny access to the Internet based solely on age.

The Pekin Public Library recognizes that the Internet may contain material that is inappropriate for children, and that filtering software is not a substitute for parental supervision. Parents are expected to monitor and supervise their children's use of the Internet since the library staff are unable to do so. Parents are encouraged to discuss with their children issues of appropriate use and Internet safety.

#### **VI. Library Procedures Relating to Electronic Networks**

The Pekin Public Library has developed certain procedures to assist staff and patrons in the use of the electronic information resources. These procedures include, but are not necessarily limited to, the following:

- time limits for access to allow use of resources by the maximum number of library patrons
- cost recovery for printouts using the library's computer equipment
- specific instructions for downloading including compliance with virus protection measures
- restrictions on the use of personal software on library computer equipment

#### **VII. Breach of Policy**

Violation of any aspect of this policy may result in the loss of library privileges, and illegal acts involving the Library's equipment may be subject to prosecution by local, state, or federal authorities.

## MATERIALS SELECTION POLICY

INTRODUCTION: The appropriate selection of library materials is central to carrying out the Pekin Public Library's mission, described in part as to "support the development of informed and enlightened citizens."

### RESPONSIBILITY FOR SELECTION

Responsibility for selection of materials is shared among the professional members of the Library staff, although ultimate responsibility rests with the Director of the Library as chief administrative officer.

### SELECTION CRITERIA

Library materials are selected:

- To provide a balanced general library collection of currently useful materials written at a popular level. The Library does not acquire expensive, deluxe, or collector's editions of materials. Exceptions may be made for specialized historical materials of Pekin or Tazewell County.
- To address the ordinary informational, educational, and recreational needs of members of the Pekin community regardless of age.
- With regard to format. In addition to printed materials, the library acquires appropriate non-print media. Careful consideration is given to the introduction of new formats to the collection. Budget considerations, community needs, and the probable impact on existing resources are all reviewed before items are selected and introduced to collections in a new format. The selection of material in any new format may result in the library's decision to retire specific items or material formats from its collections in order to responsibly accommodate trends in user demands and/or changes in technology.
- Based on the librarian's professional judgment of the following factors:
  - anticipated or existing patron demand
  - artistic/literary value
  - availability from other sources
  - timely and accurate materials
  - features: i.e. illustrations, indexes, bibliographies
  - inclusion in indexes, bibliographies, other reference sources
  - patron recommendation/request
  - price
  - publicity: i.e. TV/radio appearances, magazine excerpts, web sites
  - reference value
  - reviewer evaluation
  - special significance: i.e. local history, local author
  - subject area need
  - suitability: i.e. content, format, reading level, scope, style
  - supplemental value to school assignments

- In languages other than English for instructional and recreational purposes. Non-English language materials are collected in limited quantities.
- To avoid unnecessary duplication of materials available from other institutions, school libraries, media centers, or academic libraries. In general, the library does not purchase textbooks, curricular support materials, and highly technical works.
- To provide multiple copies of items for which demand may be heavy.

Gift materials are subject to the same criteria as other materials selected for the Library. Gifts are also subject to the provisions of the Gift Policy.

Materials are housed on open shelves except in cases where the format (e.g. pamphlet), age (e.g. old city directories), or their potential use (e.g. professional library materials) precludes this. Such exceptional materials are available upon request.

Materials are withdrawn from the Library collection when they no longer serve the needs of Library users due to poor physical condition, outdated information, or infrequent use. Materials are not withdrawn because of content or presentation that may offend some members of the community.

Acquisition of materials indicates an endorsement of usefulness only, not of the ideas they contain. Parents, not the Library, are responsible for what library materials children read or use. Selection shall not be inhibited solely by the possibility that materials may inadvertently come into the possession of children. In trying to meet the diverse needs of this community, the Library's collection necessarily represents a variety of opinions and viewpoints. It is not unexpected that some will be dissatisfied by what is present or absent in the collection.

A "Request for Reconsideration of Library Materials" form is available to residents of the City of Pekin for comments concerning the presence or absence of any materials. A specific library title will only be reconsidered once every five years.

Also adopted as part of this Policy are the following American Library Association statements, as attached: Library Bill of Rights, Freedom to Read Statement, and Freedom to View Statement. Additional copies are available at the reference desk.

## REVISION

This library materials selection policy will be reviewed as necessary in light of changing conditions.

The Board of Trustees supports the following documents of the American Library Association understood to apply to all forms of material used or collected by the Library:

### **LIBRARY BILL OF RIGHTS**

The American Library Association affirms that all libraries are forums for information and ideas, and the following basic policies should guide their services.

1. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
2. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
3. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
4. Libraries should cooperate with all groups concerned with resisting abridgment of free expression and free access to ideas.
5. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
6. Libraries that make exhibit spaces and meeting rooms available to the public they serve should make such facilities available on an equitable basis, regardless of the beliefs or affiliations of individuals or groups requesting their use.

## FREEDOM TO READ STATEMENT

1. It is in the public interest for publishers and librarians to make available the widest diversity of views and expressions, including those that are unorthodox, unpopular, or considered dangerous by the majority.
2. Publishers, librarians, and booksellers do not need to endorse every idea or presentation they make available. It would conflict with the public interest for them to establish their own political, moral, or aesthetic views as a standard for determining what should be published or circulated.
3. It is contrary to the public interest for publishers or librarians to bar access to writings on the basis of the personal history or political affiliations of the author.
4. There is no place in our society for efforts to coerce the taste of others, to confine adults to the reading matter deemed suitable for adolescents, or to inhibit the efforts of writers to achieve artistic expression.
5. It is not in the public interest to force a reader to accept the prejudgment of a label characterizing any expression or its author as subversive or dangerous.
6. It is the responsibility of publishers and librarians, as guardians of the people's freedom to read, to contest encroachments upon that freedom by individuals or groups seeking to impose their own standards or tastes upon the community at large; and by the government whenever it seeks to reduce or deny public access to public information.
7. It is the responsibility of publishers and librarians to give full meaning to the freedom to read by providing books that enrich the quality and diversity of thought and expression. By the exercise of this affirmative responsibility, they can demonstrate that the answer to a "bad" book is a good one, the answer to a "bad" idea is a good one.

This statement was originally issued in May of 1953 by the Westchester Conference of the American Library Association and the American Book Publishers Council, which in 1970 consolidated with the American Educational Publishers Institute to become the Association of American Publishers.

Adopted June 25, 1953, by the ALA Council and the AAP Freedom to Read Committee; amended January 28, 1972; January 16, 1991; July 12, 2000; June 30, 2004.

## **FREEDOM TO VIEW STATEMENT**

The Freedom to View - along with the freedom to speak, to hear, and to read - is protected by the First Amendment to the Constitution of the United States. In a free society, there is no place for censorship of any medium of expression. Therefore these principles are affirmed:

1. To provide the broadest possible access to film, video, and other audiovisual materials because they are a means for the communication of ideas. Liberty of circulation is essential to ensure the constitutional guarantee of freedom of expression.
2. To protect the confidentiality of all individuals and institutions using film, video, and other audiovisual materials.
3. To provide film, video, and other audiovisual materials that represent a diversity of views and expression. Selection of a work does not constitute or imply agreement with or approval of content.
4. To provide a diversity of viewpoints without the constraint of labeling or prejudging film, video, and other audiovisual materials on the basis of the moral, religious, or political beliefs of the producer or filmmaker or on the basis of controversial content.
5. To contest vigorously, by all lawful means, every encroachment upon the public's freedom to view.

This statement was originally drafted by the Freedom to View Committee of the American Film and Video Association (formerly the Educational Film Library Association) and was adopted by the AFVA Board of Directors in February 1979. This statement was updated and approved by the AFVA Board of Directors in 1989.

## PROHIBITED GIFTS POLICY

**GENERAL POLICY.** It is the policy of the Pekin Public Library to comply with the State's Gift Ban Act through the promulgation of this policy. Neither the Open Meetings Act nor the Freedom of Information Act of Illinois, or any policies of this Library in furtherance of those Acts shall be applicable to proceedings, meetings or documents involved here, which are exempt therefrom.

**EXEMPTION.** Due to the high costs of compliance for uncompensated and nonsalaried, appointed and/or elected members of the Board of Library Trustees, and given that the experience of gifts of any kind or value to them is virtually non-existent and certainly has not been a source of improper action, influence or effect in this Library or any Public Libraries in Illinois, it is the Policy to exempt all non-salaried appointed or elected officials of the Library from this Policy and the State Act, as permitted by that Act.

## **PUBLIC POSTING POLICY**

### **Introduction**

The purpose of the public bulletin board and the information rack at the Pekin Public Library is to make available information regarding cultural, recreational, educational, and human services programs and events in the community, which are available/open to the public at large. Distribution or posting information does not imply endorsement by the Library of the ideas, issues, or events promoted by those materials.

### **Procedures for Posting and Placing Material for Distribution**

Persons wanting a sign posted or material placed in the information rack should bring it to the Circulation Desk and leave it for approval. All approved signs will be stamped and dated by the Public Relations Coordinator for posting by Library staff. Immediate posting is not always possible. Items usually are not posted more than two weeks before an event.

Materials posted or left for free distribution without approval from the Library will be discarded.

Items that become dated will be removed from the bulletin boards. For example, posters announcing meetings will be removed after the meeting. Other items will be removed after 30 days, unless space is available and the item is considered to be of general interest. Items directly concerned with the library will be displayed as long as appropriate. Non-dated public service announcements from government agencies or non-profit agencies may be posted if space permits. The Library reserves the right to provide space on a long-term basis for announcements that give specific help to visitors or residents on a continuing basis, such as bus schedules, and crisis services.

### **Appearance of Materials**

Material to be posted should not exceed 11 x 17 in size. When the bulletin board becomes crowded, preference will be given to items that do not exceed 8 1/2 x 11.

No box, receptacle, or canister may be part of any posting.

The Library accepts a maximum of 25 copies of informational leaflets for distribution to the public in the literature display rack. The maximum size for leaflets is 8 1/2 x 11. The library assumes no responsibility for informing community groups when the supply of materials has been exhausted.

### **Content and Purpose of Materials**

Postings about events for which a charge is made must indicate that charge on the poster.

The sponsoring agency must be identified on the poster, and an address, telephone number, email, or URL given.

## **Unacceptable Materials**

The following items will not be posted or distributed:

- Business advertisements
- Personal notices, such as lost and found notices
- Products sold for profit
- Garage or other sale signs
- Services, such as babysitting, for which fees are charged
- Signs soliciting donations
- Campaign literature
- Signs larger than 11 x 17
- Legal notices
- Private instructional courses

Printed literature posted must not violate legal and respectable boundaries.

## **Review Process**

Users may appeal in writing any decision of the Library under this Public Posting Policy to the Director of the Library within 10 days.

## REFERENCE POLICY

Reference service is a major role of the Pekin Public Library. The following policy is designed to ensure all customers receive the highest possible level of service.

### Goals

The goal of reference service is to provide accurate answers to library customers' questions by trained staff members during all hours the library is open.

- To provide materials and services to meet users' needs for timely, accurate, and useful information.
- To provide trained staff to assist customers and facilitate access to the library's collections and cooperative resources.
- To assist customers in the use of reference resources, library materials and in the development of research strategies.
- To provide readers' advisory service.
- To provide efficient referral and effective follow through including interlibrary loan and supplementary reference services to Pekin Public Library cardholders.
- To keep the community well informed about the reference services and resources available and encourage them to make use of them.

### Ethics and Standards

The staff of the Pekin Public Library strives to handle all inquiries with impartiality and confidentially in a courteous and efficient manner. Effort is made to answer all kinds of questions. No distinction is made about the purpose of the inquiry or the use of information.

The library subscribes to the American Library Association's Code of Ethics.

### Availability of Service

The Pekin Public Library provides reference assistance to any customer requesting it, regardless of residency.

Reference service is provided by trained staff during all hours the library is open. The entire collection – youth and adult, circulating and non-circulating – is available to customers of all ages to answer reference questions. Minors under the age of 18 must have parental permission to check out R-rated videocassettes and DVDs. Non-residents will be provided with in-house and telephone reference service and interlibrary loans from the RSA database. For interlibrary loans outside the RSA database and for referral to other agencies, non-resident customers will be referred to their home libraries or be advised to purchase non-resident borrower cards.

Inquiries are accepted in person, by telephone, by electronic means and through the mail. Priority is given to in-person requests. Staff will, however, complete a reference

telephone question and/or Instant Message in process before attending to an in-person request. Answering reference questions has priority over staff assignments.

If information appropriate to the customer's need is not available in the library, referral will be made to local or regional resources, the Tazewell County Genealogy and Historical Society, and/or other libraries. Staff will verify the needed information is available from the source referral.

Whenever possible, answers to questions will be provided during the customer's visit or telephone call. When other customers are waiting, staff may have to limit the initial amount of time spent serving an individual customer but follow-up attention will be given.

### **Provision of Service**

Reference staff will use all available sources of information to answer questions. This includes, but is not limited to books, periodicals, electronic databases, the Internet, government agencies, associations, and organizations. Long-distance telephone calls and/or email may be used to answer questions. Citations to sources of information will be given when questions are answered.

The reference desk staff's personal opinion will never be given as fact. While the reference staff will provide sources of information, information will not be interpreted and library employees will not offer legal, medical, or tax advice. If it is not possible to answer a question by the above means, questions will be referred to another agency, when appropriate.

Homework assignments are intended to be a learning experience for the student. The role of the reference staff member is to guide the student to materials or potential sources of information to complete the homework assignment. Every effort is made to instruct the students in the use of appropriate sources. The student is expected, however, to use the material to meet the requirements of the assignment. The reference staff does not organize, write, or solve a student's assignment. Requests involving extensive research for homework projects are not answered by telephone or electronically. If every effort made by the staff member and the student to locate information has failed, the student is encouraged to return to the teacher for further instruction. A note describing the search effort may be given to the student for the teacher if the staff member believes it is called for.

The library provides computers for customer use and has posted rules and procedures for such use. All reference staff understands these rules and enforces them. Staff members know how to use these computers and the software available on them. The reference staff does not provide thorough instruction to customers in computer use, but guides them to manuals or tutorial software. Alternatively, staff members may suggest customers needing instruction attend computer classes offered by the park district, community colleges, or other agencies.

### **Reader's Advisory Service**

Providing advice and suggestions for recreational reading is an essential service in a public library. Each patron's reading tastes will be taken seriously and without judgment. When performing Reader's Advisory services, personal interpretation and recommendation are unavoidable.

## **Interlibrary Loan Requests**

The Library strives to fill all requests for books and photocopies from both in-house and outside resources. It is not always possible to obtain new, popular or rare material in a timely fashion, if at all. Regular circulation policies and procedures and the policies detailed in the current "Interlibrary Loan Code for Illinois" will be observed. The type of material available through interlibrary loan varies by lending library. Not all media formats or titles can be obtained in this manner. If the Reference Staff is presented with a request for more than five separate items s/he may ask the customer to prioritize the requests and will accept only five requests at a time. Requests for multiple copies of a single title shall be handled on a case by case basis. Such requests shall be made no later than two (2) weeks in advance of the deadline date. Loan periods and borrowing privileges of the lending library will be observed. Circulation of items will be done to individuals, not groups. Responsibility for overdues and renewals will rest with the individual borrower.

## **Research Services**

Reference service differs from research. We will provide quick searches (15 minutes or less) of printed materials for short answers at no charge. Research requests involve more time-consuming searches for unspecified material about a particular subject which may be located in one or more collections. Reading and interpretation of materials is the customer's responsibility. Advanced research requests will cost \$15.00 per hour (minimum of \$15.00) for a maximum of two hours (\$30.00). If more in-depth research is required, we will provide the requestor with a list of independent researchers.

Obituary requests are also considered research requests. For customers not able to visit the library, the reference staff will find and send the obituary. The fee for such requests varies based on the depth of research required and the amount of accurate information provided by the customers. A \$5 basic research fee will be assessed for obituaries where the customer can supply the exact name and date of death. There is a limit of five obituaries per each basic research request. If dates are approximate or not available, then the request will be classified as an advanced research request and be subject to the \$15 fee listed above. Please allow 1-2 weeks for the completion of research requests.

## **Fees**

Most reference service at the Pekin Public Library is delivered without charge. Customers using photocopiers and/or printers will be charged a per page fee. Any fees charged by the lending institution will be incurred by the customer.

## **Service to Non-Pekin Public Library Cardholders**

The Pekin Park Public Library does not provide Interlibrary Loan Services to cardholders from other libraries. Remote access to some databases is reserved for Pekin Public Library cardholders

## **Evaluation of Reference Service and the Reference Policy**

This policy will be reviewed every three years by the Library staff, administration, and the Board of Library Trustees.

## **RULES FOR CONSIDERATE LIBRARY USE**

The Pekin Public Library Board of Trustees has the authority under state law to establish reasonable rules regarding the Library and to exclude any person who willfully and persistently violates those rules. Enforcement of these rules will be conducted in a fair and reasonable manner. Library staff will intervene to stop prohibited activities and behaviors. Failure to comply with the Library's established rules, regulations, and policies could result in removal from the premises and expulsion from the Library for a period of one day to indefinitely or in arrest or prosecution. Violations could also result in the restriction and/or termination of Library privileges, including the use of Library computers and other equipment. Any expulsion may be appealed in writing to the Director's Office.

**For the comfort and safety of patrons, volunteers, and staff, and for the protection of Library property, the actions below are examples of conduct not allowed on Library property.**

## UNATTENDED CHILDREN POLICY

Service to children is an important goal at Pekin Public Library. Children of all ages are welcomed and encouraged to use the library materials, programs and services. The Pekin Public Library is a public building and is open to all, regardless of origin, age, background and views.

Library staff strives to ensure that the Library is operated in a safe manner. However, because the buildings are open to all, the Library cannot be considered safe place for unattended children. The responsibility for the safety and behavior of children in the Library rests with the parents, legal guardians, or other responsible adult caregivers (hereinafter "parent or responsible adult".) **Please note:** *Library staff is NOT responsible for the care and safety of unattended children in the library.*

In order to maintain a safe atmosphere where reading and study are encouraged, the following policy has been adopted by the Board of Library Trustees:

- Children age 9 and younger must be accompanied continually by a parent or responsible adult. A parent or responsible adult must remain with the children at all times and in the case of an adult caregiver, have emergency contact information with them or available to them.
- If a child age 9 or younger is found to be unaccompanied in the Library, staff will try to locate the parent or responsible adult caregiver to remedy the situation. If a parent or responsible adult is unavailable, the Police, DCFS, or other appropriate government agency will be called.
- Children age 10 and older may use the Library without a parent or responsible adult present, but must be able to reach a parent or responsible adult immediately, either in person or by phone. All children in the Library must follow the posted *Rules for Considerate Library Use* and are expected to use the Library appropriately. Children who do not follow these rules are subject to the same consequences as other library users, including being required to leave the Library or losing library privileges.
- Situations may arise when, due to unusual or emergency circumstances, it may be necessary for the Library to close without prior notice. In this event or in case of other emergencies, unaccompanied children age 18 years or younger who cannot transport themselves must be able to reach a parent or responsible adult for immediate pick-up.
- The Library does not observe the same schedule every day. Parents or responsible adult caregivers should be aware of library closing times. If a child remains at the Library after hours, staff may make an attempt to contact a parent or responsible adult, but also may, immediately and without recourse, contact the Police, DCFS, or other appropriate government agency. *Staff WILL NOT transport a child nor will a child be allowed to sit in a staff person's vehicle.*
- The children's area of the Library is reserved for children, their parents or responsible adult caregivers, and adults interested in children's literature, such as teachers and college students. Out of concern for the safety of young patrons, adults who are unaccompanied by a child or children in the children's area of the

library may be questioned by staff, and may be asked to move to another area of the Library.

## **SOCIAL NETWORKING POLICY**

The Pekin Public Library will implement and maintain various social networking applications and services for the purpose of facilitating an online platform of communication between Library staff and Library users about Library related subjects and issues. Social networking is maintained and monitored by the Pekin Public Library staff under the direction of the Assistant Director.

Comments, posts and messages are welcome. However, the Pekin Public Library reserves the right to monitor content before or as it is posted on all of the Library's social software web sites and accounts. The following will be removed:

- Content deemed obscene or racist as determined by applicable federal, state and local laws, regulations and policies
- Personal attacks, insults or threatening language
- Potentially libelous statements
- Plagiarized material
- Private or personal information submitted without consent
- Comments totally unrelated to the content of the forum
- Hyperlinks to material that is not directly related to the discussion
- Commercial promotions, organized political activity or spam
- Any messages deemed to be in violation of copyright, trademark right or other intellectual property right of any third party
- Photos or images which may fall into any of the above categories

Abuse of the above policy may result in the person responsible for the posting being barred from posting any subsequent messages to the Library social media site. Violation of the terms can lead to legal liability.

The Pekin Public Library is not responsible or liable for content posted by any subscriber in any forum, message board, or any other area within the service. Comments posted are not the opinion of the Library.

Approved by the Library Board of Directors on July 22, 2014

## 3D PRINTING POLICY

Pekin Public Library makes 3D printers available for use by the public. 3D printing, also called additive manufacturing, means making things layer by layer according to a 3D design file. Pekin Public Library makes 3D printers available to members of the public to make three-dimensional objects in plastic using a design that is uploaded from a digital computer file.

### **Pricing**

Wood-like filaments: \$1 per gram

All else: \$0.10 per gram

Payments will be accepted at the Information Desk register where each item will be weighed.

Except for objects failing to fully print due to mechanical malfunction or other factors not in the control of the patron, patrons are expected to pay for completed objects. Patrons may not request a new print at no cost due to dissatisfaction with color, scale, quality, design, required support material, or other options selected by the patron.

### **Appropriate Usage**

There is no patron age restriction for use of the library's 3D printers, but printers may only be used with staff assistance.

The library's 3D printers may be used only for lawful purposes. They may not be used to create weapons or materials that:

- Are prohibited by local, state or federal law.
- Are unsafe, harmful, dangerous or which pose an immediate threat to the well-being of others.
- Are inappropriate for the library environment.
- Violate another person's property or intellectual rights.

For example, the printers will not be used to reproduce objects or materials that are subject to copyright, patent, or trademark protection. Library staff will review every object file before it is printed, and the library reserves the right to refuse any 3D print request.

The nature of 3D printing does not allow complete patron privacy but the library will not share information about a patron's legal activities with third parties.

The library is not responsible for failed 3D prints, although we will do our best to assist in completing successful 3D prints. Pekin Public Library will not be liable for functional failure of or injuries or property damage caused by objects or materials made through the use of 3D printers.

The library strongly recommends that 3D printers not be used to make things that could prove harmful, or that would result in significant cost to the user if they fail.

Please note that procedures governing use of the library's 3D printers are subject to change at any time. Scheduling and access to the 3D printer will be determined by

library staff. Staff members reserve the right to limit the number of prints per customer to ensure available use of the equipment and staff time for others.

Adopted: 6/28/2016

## **SECURITY CAMERA POLICY**

Security cameras are used to enhance the safety and security of library users and staff by discouraging violations of the library's Rules for Considerate Library Use, to assist library staff in preventing the occurrence of any violations, and when necessary, to provide law enforcement assistance in prosecuting criminal activity while adhering to the applicable federal, state, and local law concerning the confidentiality of library records and the protection of individual privacy.

### **Security Camera Purpose and Placement Guidelines**

1. Video recording cameras will be used in public spaces of library locations to discourage criminal activity and violations of the library's Rules for Considerate Library Use. The recording of audio is restricted under the Electronic Communications Privacy Act and will not be used.
2. Cameras may be installed in outdoor and indoor places where individuals lack a reasonable expectation of privacy. Examples include public common areas of the library such as parking lots, entrances, seating areas, service desks, and areas prone to theft or misconduct, or areas where money is stored or handled.
3. Cameras will not be installed in areas of the library where individuals have a reasonable expectation of privacy such as restrooms or private offices.
4. Signs will be posted at all entrances informing the public and staff that security cameras are in use.
5. Because cameras will not be continuously monitored, the public and staff should take appropriate precautions for their safety and for the security of their personal property. The Pekin Public Library is not responsible for loss of property or personal injury.
6. Regarding the placement and use of the digital recording cameras, staff and patron safety is the first priority; protection of library property is of secondary importance.
7. Cameras are not installed nor will they be used for the purpose of routine staff performance evaluations.

### **Use/Disclosure of Video Records**

1. Access to the archived footage in pursuit of documented incidents of injury, criminal activity, or violation of the library's Rules for Considerate Library Use is restricted to library staff.
2. Staff may have access to real-time images, viewable on desktop monitors. The frequency of viewing and the amount of video viewed will be limited to the minimum needed to give assurance that the system is working, to monitor a potential violation of the library Rules for Considerate Library Use, or to ascertain if footage is available relative to a specific incident.

3. Access is also allowed by law enforcement when pursuant to a subpoena, court order, or for matters of local law enforcement.
4. Recorded data is confidential and secured in a controlled area. Video recordings will be stored for 30 days, provided no criminal activity or policy violation has occurred or is being investigated.
5. Video records and still photographs may be used by authorized individuals to identify those responsible for library policy violations, criminal activity on library property, or actions considered disruptive to normal library operations as delineated in the library's Rules for Considerate Library Use.
6. In situations involving banned patrons, stored still images may be shared with staff. Shared images may remain posted in staff areas for the duration of the banning period. After the banning period ends, these images will be archived in the Administrative Offices for seven years.

### **Unauthorized Access and/or Disclosure**

1. Confidentiality and privacy issues prohibit the general public from viewing security camera footage that contains personally identifying information about library users. If the library receives a request from the general public to inspect security camera footage, they will be advised to file a police complaint.
2. A breach of this policy may result in disciplinary action up to and including dismissal. Any library employee who becomes aware of any unauthorized disclosure of a video recording and/or a potential privacy breach has a responsibility to immediately inform the Director of the breach.

### **Disclaimer of Responsibility**

A copy of this policy may be shared with any patron or staff member upon request. The policy is also posted on the Pekin Public Library's official website.

Questions from the public may be directed to the Library Director.

The library disclaims any liability for use of the video data in accordance with the terms of this policy, given that the library is a public facility, and the security cameras shall be limited to those areas where patrons and/or staff have no reasonable expectation of privacy.

*Approved: 6/22/2021*

### **Our Website and Public Computers**

#### *Data & Network Security*

The Library uses software programs that monitor network traffic to identify unauthorized attempts to upload or change information, or otherwise cause damage. No other attempts are made to identify individual patrons or their usage habits. In order to provide easy access to the internet on personal devices, our WiFi network is not encrypted; we urge you to exercise caution and ensure an HTTPS connection when transmitting sensitive information (such as bank passwords) while on public WiFi.

#### *Public Computers & Connected Devices*

The Library does not keep a record of your activities on any Library computer or laptop. Any record of browsing history and activities are removed when you log out. The next user cannot see any of your information.

All personally identifiable information is purged immediately upon the end of your public computer reservation. For statistical purposes, an anonymous log is created that includes only the computer terminal number, reservation time and duration of the session.

Connected devices borrowed from the Library (such as mobile hotspots or eReaders) do not retain any information about you or your browsing history.

#### *Email Services*

The Library uses email addresses to respond to the emails we receive, to confirm program registrations, to solicit program feedback and to promote Library services. You may opt out of marketing communications by clicking the "opt out" link in emails from us. The Library also sends account notices to customers who have given us their email

addresses for that purpose. You may opt out of email account notices by contacting us and requesting a change to your notification preferences.

### *Using Third-Party Vendors*

The Library enters into agreements with third parties to provide online services, digital collections, streaming media content and more. When using some of these services, you may also connect with social networks and other users.

Third-party vendors may collect and share your information, including:

- Personally identifiable information you knowingly provide. This includes: when you register for the site, provide feedback and suggestions, request information or create shared content.
- Other information that could be used to identify you. This includes: your Internet Address (IP Address), search history, location-based data and device information.
- Non-personally identifiable information. This includes: your ad views, analytics, browser information (type and language), cookie data, date/time of your request, demographic data, hardware/software type, interaction data, serving domains, page views and the web page you visited immediately prior to visiting the site.
- Other data as described in the vendor's privacy policy and terms of use.

For more information on these services and the types of data that is collected and shared, refer to the terms of use and privacy policies of each specific vendor. You may choose not to use these third-party vendors if you do not accept their terms of use and privacy policies. Please read them carefully.

We make reasonable efforts to ensure the Library's contracts, licenses and offsite computer service arrangements reflect our policies and legal obligations concerning customer privacy and confidentiality. Our contracts address restrictions on the use, aggregation, sharing and sale of information, particularly about minors.

The Library expects vendors to:

- Follow all privacy-related items in the vendor contract and licensing agreements.
- Conform to Library privacy policies.
- Provide a product which complies with the Children's Online Privacy Protection Act.
- Refrain from collecting or sharing additional information about customers, other than is needed for delivery of the Library services provided.
- Have a publicly posted privacy policy.
- Use secure protocols for connecting to and using the service provided.

Library customers must understand when using remote or third-party vendor sites that there are limits to the privacy protection the Library can provide.

We do everything we can to ensure your card number and PIN are protected when authenticating with third-party resources. In some instances, the connection between the Library and a third party is not fully encrypted. While it is unlikely that anyone would intercept your credentials, it may be possible when you use the third-party resources

listed here. We urge all our third-party vendors to support full encryption of Library card login credentials.

The Library also suggests links to external websites that are not under contract. You are not required to give these sites your Library card or any other personally identifiable information in order to use their services.
